(music and lyrics ? R. Guryev)

Running through the wind and rain  
Feel the fever in your veins  
Killing left and killing right  
You decide who will survive  
War is a bitch that's full of lies  
But you do not realize  
Slave is fighting with a slave  
And only consequence is grave

Gear of wargame has set order  
Who will live and who will die

You're not a sinner and you're not a saint  
Now you're the hunter but later you're prey  
You're just a soldier you don't want to hate  
But you're just a slave of your fate

Have you ever asked yourself  
Asked what you are fighting for?  
Your hands sunk into a blood  
Now you know that it's called war  
Now you wait for the next attack  
To get a bullet and lay back.  
It will never strike the sail  
Weapons will never gonna be veiled

Gear of wargame has set order  
Who will live and who will die

You're not a sinner and you're not a saint  
Now you're the hunter but later you're prey  
You're just a soldier you don't want to hate  
But you're just a slave of your fate

(Solo)

Gear of wargame has set order  
Who will live and who will die

You're not a sinner and you're not a saint  
Now you're the hunter but later you're prey  
You're just a soldier you don't want to hate  
But you're just a slave of your fate
