Oh another day where I stayed home today because  
I'm sick... ok Tired, Can't breath, can't get up... too  
weak...

Don't you just hate that? Let me complain!... aren't I  
usually?

ANYWHO!

But I do hate being sick... I have nothing to do. I end up  
reading old Fanfics [which isn't all that bad] and like  
eating junk that I'm not suppose to...

[I ended up eating cup noodles... filo ones... the ones  
with like free crackers XD] so yeah...

But I did end up finally getting the PinYin lyrics for  
Fireflies by Ariel Lin. Hehehe Cause I'm that pro So  
without further a due
