I'm gonna love you
When the sun goes down
I'm gonna please you
Till the end of the night
I'm gonna take you high
'Cause my body needs you body tonight

You're gonna love it
When my hands go down
You're gonna feel me
Deep down inside
You're gonna take me high
Cause you love needs my love tonight

Love hurts sometimes
And tonight is the night
My love is gonna make you bleed
Cause tonight I'm gonna kill you with a kiss

Yeah baby, love's cruel sometimes
Tonight you're gonna find
The evil that lives inside of me.
Cause tonight I'm gonna kill you with a kiss.
