I dont know if all of em are right, lemme know if you spot somethin wrong...

Avery Storm - Things gotta change

Look

You keep talking that shit

I promise I wont listen

I ain't gon stand for it

I promise you I'm leaving

Theres got to be a better way

We argue every single day

I know there is a better way

I'm tellin you why

If we keep on like this

I promise no ones winnin'

And if we can't agree to disagree

Then nothings gonna change

Its the same ole, same ole, same.

The same ole, same ole, same ole, same ole game.

Why can't we get along

Who cares whos right or wrong, at this point

Who plays a game to lose

Whos side you on, as it tells you truth

We need a better world

Girl I need a better me

You need you a better you

This is how its gotta be

But if I had a better plan

I could be a better man

I need you to do some shit

And quit sayin I bet I can

You should make a better way

Make it to a better place

Take whats lookin gloomy in ya eyes

And make a better date

Lets make us a brighter sun

We need us a brighter moon

I know this is fucked up now but

This shit gonna get brighter soon

You keep talking that shit

I promise I wont listen

I ain't gon stand for it  
I promise you I'm leaving  
Theres got to be a better way  
We argue every single day  
I know there is a better way  
I'm tellin you why  
If we keep on like this  
I promise no ones winnin'  
And if we can't agree to disagree  
Then nothings gonna change  
Its the same ole, same ole, same.  
The same ole, same ole, same ole, same ole game.  
Sick and tired of fussin and yellin  
Too many thoughts runnin thru my melon  
Cant write, cant work, thoughts hang jellin  
Got me locked up like a three time felon  
Why you always gotta act so jealous  
If you kee it up ma  
I swear I'm bailing (what?)  
Gone, leaving, this aint gon' change  
Like a man wit no arms  
Ma I can't hang  
Why when I walk thru the droo at home  
All you wanna do is go thru my phone  
Sick and tired of the interogations  
Ma I'm grown  
Dats what it seems since Im always gone  
Im gone, Im gone, Im gone, Im gone  
That meant that Im not at home  
Life is a rollercoaster when you get on  
Strap up tight ma please hold on

You keep talking that shit  
I promise I wont listen  
I ain't gon stand for it  
I promise you I'm leaving  
Theres got to be a better way  
We argue every single day  
I know there is a better way  
I'm tellin you why  
If we keep on like this  
I promise no ones winnin'  
And if we can't agree to disagree  
Then nothings gonna change  
Its the same ole, same ole, same.  
The same ole, same ole, same ole, same ole game.

Its the same  
Over and over  
And over again  
The same...

This is my mixtape  
I can do what I want  
What I want.
