"Incomplete And Insecure"

I haven't finished a thing since I started my life, don't
feel much like starting now.

Walking out lonely has worked like a charm, I'm the
only one I have to let down.

But watching you makes me think that that is wrong.

I can go on with my insecure nature, I can keep living
off sympathy.

I can tell all the people that all of the success is a direct
reflection on me.

But watching you makes me think that that is wrong.

What is important? What's really important? Am I not to
know by my name?

Will I ever know silence, without mental violence, will
raining at night go away?

It's up to you, my father call on me.

I haven't finished a thing since I started my life, don't
feel much like starting now. (x4)

I haven't finished a thing since I started my life (x2)
