All it'll take is just one moment and  
You can say goodbye to how we had it planned  
Fear like a habit, run like a rabbit  
Out and away  
Through the screen door to the unknown  
And I wanna love you and more  
I wanna find you and more  
Where do you reside?  
When you hide how can I find ya?  
'cause I wanna send you and more  
I wanna tempt you and more  
Can you tell that I am alive?  
Let me prove it  
You and I we're the same  
Live and die we're the same  
Hear my voice know my name  
You and I we're the same  
Live like a pharaoh Sing like a sparrow  
Anyway  
even if there is no land or love in sight  
We bloom like roses lead like Moses  
Out of the way  
Through the bitter crowd to the daylight  
And I wanna love you and more  
I wanna find you and more  
Can you tell that I am alive?  
Let me prove it to ya.  
You and I we're the same  
Live and die we're the same  
You rejoice I complain  
But you and I we're the same  
Live and die we're the same  
You and I we're the same  
Hear my voice, know my name  
You and I we're the same  
I wanna love you and more  
I wanna find you and more  
Where do you reside?  
When you hide how can I find ya?  
'cause I wanna send you and more  
And I wanna tempt you and more  
Can you tell that I am alive?

Let me prove it  
You and I we're the same  
Live and die we're the same  
You rejoice I complain  
But you and I we're the same  
Live and die we're the same  
You and I we're the same  
Hear my voice know my name  
You and I  
You and I
