Thank God I was born in a time  
When something new was about to start  
Been shut down, I've been kicked around  
Now there's an A-bomb in my heart  
And I know that the times are rough  
But I won't play dead while I'm alive  
So hang on and we'll turn up the sound  
Of all the anger in our hearts

'Cause right now under this fevering moon  
I wanna take you for a ride  
To the reasons you need,  
Be it hunger or greed, it's ok

Tell me a joke and make me smile  
Play me the part, be the star for a while  
Absolutely no decorum what'soever, baby

Gimme a wink, let me know you're alive  
Do what you will, we're only here for a while  
Absolutely no decorum what'soever, baby  
Absolutely no decorum what'soever, baby

And I know that the times are rough  
But I won't play dead while I'm alive  
For I long for the shock and the awe  
Of speaking plainly from my mind  
But I know there's a place downtown  
Where they say there's a bug-free zone  
So let's go, let's head out tonight  
And let the words in our minds spill out

'Cause right now under this fevering moon  
I wanna take you for a ride  
To the reasons you need, be it hunger or greed  
It's all and a little bit more as we come alive again

Tell me a joke and make me smile  
Play me the part, be the star for a while  
Absolutely no decorum what'soever, baby

Gimme a wink, let me know you're alive  
Do what you will, we're only here for a while  
Absolutely no decorum what'soever, baby  
Absolutely no decorum what'soever, baby

It's only ripples in the sand  
It's only ripples in the sand  
It's only ripples in the sand
