This is it
I had a dream
It was a scream from tomorrow I heard
A gut scream
A spark in the darkest of night
I'm a rebel without a cause
Hope without reason
I'm a king without a kingdom
A moon without a face
And a star without a place
A bird in the sky
A piper without a song

Hero without a win
A beast without a kill
A gambler without a vice... marked man without a price
A mystic seer... vision of things to come
Condemned without sin
Stroller with a vision
A striker on a hunt
I'm a rebel without a cause
Consumation
Vindication
Celebration
Exasperation
No desperation
Reverberation
This is my coronation

I'm a rebel without a cause
I'm a king without a kingdom
A moon without a face
And a star without a place
A bird in the sky
A piper without a song

Hero without a win
A beast without a kill
A gambler without a vice... marked man without a price
A mystic seer... vision of things to come
Condemned without sin
Stroller with a vision

A striker on a hunt
I'm a rebel without a cause

A dreamer in a prison
Stroller with a vision
I'm a rebel without a cause

Consumation
Vindication
Celebration
Exasperation
No desperation
Reverbration
This is my coronation

Gut scream telling you to fight
Cannot feel... I cannot feel
What tommorow brings
"vall vath pakh vayn nyerav"
This is it... this is the coronation
Coronation
Karmatse nyu karbunt
Vyan chhun kiheen parvaay

Wandering through these plains
Wondering when I can go home
To roll in your valleys
And rest in your peaks and fur
Vayn gas traavun sorui

This is it
Coronation time
Coronation time is here
The crown feels cold
