So God made woman and God made man
and God made them understand.
Nature's law and the good Gods grace
the rest was to unknown remain

You brought the rules just to see for certain what it's
like
to be crucify
You bet the apple, you pull out the curse and I hope you
whine,
You're racing with the rabbit.

But flesh must follow lusty crew
so how could nature disagree
flesh oh fail and the damage done,
you've start the race that can't be won.

You brought the rules just to see for certain what it's
like
to be crucify
You bet the apple, you pull out the curse and I hope you
whine,
You're racing with the rabbit...
x3

...you're racing with the rabbit
you're racing with the raaaabbit
What it's like to be crucify
What it's like, I wanna, I wanna, I wanna.

You brought me just to see what it's like to be,
you wanna know what it's like to be crucify.
You Wanna, you ready just to see what it's like to be, to
me I wanna...
god made woman and God made man...
flesh must follow lusty crew....
