Baby, you got the love I need
You got it going on
I see you walking down the street
With a felatomee
You better see inside me so hard
I tried to find somebody else
But nobody gives me what you do

You set my soul on fire
You set my soul on fire
Girl you're my one and only desire
You set my soul on fire

Now then, as I see you there
The way you move the way you're looking here
I wanna take you home
I know I'll treat you right
You got no choice there's no need to fight

I tried to find somebody else
But nobody gives me what you do

You set my soul on fire
You set my soul on fire
Girl you're my one and only desire
You set my soul on fire

I would follow you through the flames of hell
By the fangs of sabretooths
The eye of madjeedo

Through countless spirals
And depthless waters

Beyond the world of mortals
You've put me on a trans-life chase

You like a gorgon of old
Turned me to stone with one glance of gold

You're a white witch, put a spell on me, gave me new
life, set my soul on fire

A voodoo goddess, you're throbbing and swaying is
knocking me out
Bamba... humpa... baby?

She has an amazing body. A divinely perfectly form.
I love picking her up and swaying her around.
She's smooth to touch and firm to feel.
Her taste is classy and she loves pink.

Floral wear is what she prefers,
Laced with shiny black with the slightest of furs.
Her hair is long and curly, with streaks of silver and
gold
Her voice has more wisdom than the most ancient of
old

I'll never give her out, she's too precious to me
For her I've traveled many a mile, since 2003
She seems to be something she might not be
Most people don't get her, she's a magical mystery

Yes I'm in love, oh yes it's true
When I feel her in my arms, I don't feel blue
She'll rock me all night long that's a fact
And When I can't take no more, in her case I'll put her
back.
