2000 LIGHT-YEARS OF DARKNESS
Tell me can my eyes betray me?
Do they say how happy i feel
When no one takes the seat beside me
On the bus and make a fuss?
- Then im easy
To go away, take a train, go astray
- Disappear into the unknown
To a place where your always
All alone
Take a look into my eyes
2000 light-years of darkness
Take a look into my eyes
200 miles of black woods
Take a look into my eyes
2000 light-years of darkness you'll see
My eyes, your eyes
Father and son
Our thoughts will be one
Connected in souls
Together at last
- In the same black hole
One day you wont know my name
You will go and
Not come back again

I assume
It will bring me great pain
But at least
Ill know where you're staying
Cause you and i
Got a way to go astray
- Disappear into the unknown
To a place where were always all alone
Take a look into my eyes
2000 light-years of darkness
Take a look into my eyes
200 miles of black woods
Take a look into my eyes
2000 light-years of darknessYoull see
My eyes, your eyes
Father and son

Our thoughts will be one
Connected in souls
Together at last
- In the same black hole
In my eyes, in your eyes
In our 2000 light-years of darkness
In my eyes, in your eyes
In our 2000 light-years of darkness
