I am dangerous  
'cause I'm ridiculous  
And it seems to me  
That I'm a threat to the  
Whole society  
'cause I ain't got no dignity  
So if you want respect from me  
-well, have it for free  
It's worth nothing to me  
And in your eyes I see  
It's something else you seek  
-it's fear that you wanna see  
But I ain't to proud to bow  
I ain't to proud to kneel  
I ain't to proud for any gesture  
That is meaningless to me  
I ain't to proud to beg  
I ain't to proud to run

'cause I don't want respect  
I'd much rather have fun  
If you think you're tough  
When you're laughing at us  
Well, it's no big buzz  
-you can laugh if you must  
'cause me and my friends  
Like the way we look  
And that's enough for us  
And we don't want no fuss  
But if you'd like to stay  
Then to me it's OK  
-and I don't say there's anything  
Wrong with your head  
Just wish you'd try to  
Think for yourself instead  
Cause I ain't to proud to bow..
