Tell me can my eyes betray me?
Do they say how happy I feel
When no one takes the seat beside me
On the bus and make a fuss?
- Then I'm easy

To go away, take a train, go astray
- Disappear into the unknown
To a place where you're always
All alone

Take a look into my eyes:
2000 light-years of darkness
Take a look into my eyes:
200 miles of black woods
Take a look into my eyes:
2000 light-years of darkness
You'll see
My eyes, your eyes
Oh father and son

Our thoughts will be one
Connected in souls
Together at last
- In the same black hole

One day you won't know my name
You will go and
Not come back again
I assume
It will bring me great pain
But at least
I'll know where you're staying

'Cause you and I
Got a way to go astray
- Disappear into the unknown
To a place where we're always
All alone

Take a look into my eyes:

2000 light-years of darkness
Take a look into my eyes:
200 miles of black woods
Take a look into my eyes:
2000 light-years of darkness
You'll see
My eyes, your eyes
Oh father and son

Our thoughts will be one
Connected in souls
Together at last
- In the same black hole

In my eyes, in your eyes
In our 2000 light-years of darkness
In my eyes, in your eyes
In our 2000 light-years of darkness

In my eyes (in my eyes), in your eyes (in your eyes)
In our 2000 light-years of darkness
In my eyes (in my eyes), in your eyes (in your eyes)
In our 2000 light-years of darkness
(...)

Darkness, darkness, darkness, darkness..

In my eyes (in my eyes), in your eyes (in your eyes)
In our 2000 light-years of darkness
In my eyes (in my eyes), in your eyes (in your eyes)
In our 2000 light-years of darkness
