Thank God I was born in a time when something new
was about to start
Been shut down I've been kicked around
Now there's an A-bomb in my heart
And I know that the times are rough but I won't play
dead while I'm alive
So hang on and we'll turn up the sound of all the anger
in our hearts

'Cause right now under this fevering moon I wanna
take you for a ride
To the reasons you need, be it hunger or greed
It's okay

Tell me a joke and make me smile
Play me the part, be the star for a while
And absolutely no decorum whatsoever, baby

Gimme a wink, let me know you're alive
Do what you will, we're only here for a while
So absolutely no decorum whatsoever, baby
Absolutely no decorum whatsoever, baby

And I know that the times are rough, but I won't play
dead while I'm alive
For I long for the shock and the awe of speaking plainly
from my mind
But I know there's a place downtown where they say
there's a bug-free zone
So let's go, let's head out tonight
And let the words in our minds spill out

'Cause right now under this fevering moon I wanna
take you for a ride
To the reasons you need, be it hunger or greed, it's all
And a little bit more as we come alive again

Tell me a joke and make me smile
Play me the part, be the star for a while
And absolutely no decorum whatsoever, baby

Gimme a wink, let me know you're alive
Do what you will, we're only here for a while
Absolutely no decorum whatsoever, baby
Absolutely no decorum whatsoever, baby

It's only ripples in the sand
It's only ripples in the sand
It's only ripples in the sand
