Have you ever heard a song that you wish would never
end?

Did you ever have a conversation with a real good
friend

That you wish would just go on and on and on forever
more?

Then you know what I'm looking for

Then you know what I'm looking for

Did you ever have a taste in your mouth of something
new?

In the beginning it was strange, until suddenly it grew
Into something that you knew you didn't want to live
without

Then you know what I'm talking about

Then you know what I'm talking about

Did you ever have a dream, where you actually could
fly?

And by some odd lovely reason, didn't ask for reasons
why

And you'd wake up feeling strong and glad to meet a
brand new day

Then you know what I'm trying to say

Then you know what I'm trying to say

La la la laaa, la la laaaa

La la laaaa, la la laaa, la la

Ooh yeah, ooh yeah, ooh yeah, ah

Well I don't believe in class, and I don't believe in taste
I believe in simple happiness, and I believe in avoiding
waste

I believe in endless winter nights with good friends and
good wine

I believe in endless summer nights, good friends and
feeling fine

La la la la la la la, la la la la la la la

La la la la la la la la la la la la la la la

Oooh ooh aah
