Howling He-men
Following the stream and
Smelling semen
God, I never wanted to become one of them

Naked, shaking
I suddenly felt like
Sacred angels
Was calling me by my name:

Oppular!
And so I laid it down for all to see
Oppular!
I laid it down on the dusty ground
Oppular!
And the world was young and a-waiting for me
Oppular!
I laid it down, I laid it down!
Oppular!
I laid it down for all to see
Oppular!
I laid it down on the dusty ground
Oppular!
And all I felt was like a great relief
Oppular!
I laid it down, I laid it down, down, down!

Saint-like, maybe
She stood there before me
Pure as could be
I got down and kissed her feet

And somehow I got by
My troubles down under
The waistline, sunshine
Kiss me, Oh here I come, I come

Oppular!
I laid it down for all to see
Oppular!
I laid it down on the dusty ground

Oppular!
And the world was young and a-waiting for me
Oppular!
I laid it down, I laid it down!
Oppular!
I laid it down for all to see
Oppular!
I laid it down on the dusty ground
Oppular!
And all I felt was like a great relief
Oppular!
I laid it down, I laid it down, down, down!

I laid it down, I laid it down, I laid it down...

I laid it down, I laid it down yeah, I laid it down...

Oppular!
Down, down, down...
