It doesn't matter where you are
If you are a superstar
It doesn't matter who you are
If you are a superstar

And when you take them on
You're gonna take 'em all too far
It doesn't matter who you are
If you are a superstar

It doesn't matter where you've been
If you travel in a fast machine
It doesn't matter where you've been
If you travel in a fast machine

And when you take them on
You're gonna take 'em all too far
It doesn't matter where you are
If you are a superstar

It doesn't matter where you are
If you only know two chords on your guitar
You gotta go for what you can do
And you will do alright

It doesn't matter where you are
If you only got two songs on your repertoire
You gotta go for what you can do
And you will do alright

It doesn't matter who they see
If you are the queen bee
It doesn't matter who they see
If you are the queen bee

And when you take them on
You're gonna take 'em all too far
It doesn't matter where you are
If you are a superstar

It doesn't matter who you are

If you only know two chords on your guitar
You gotta go for what you can do
And you will do alright

It doesn't matter who you are
If you only got two songs on your repertoire
You gotta go for what you can do
And you will do alright

It doesn't matter who you are
If you only know two chords on your guitar
You gotta go for what you can do
And you will do alright

That's what you are
A superstar...

You've got the power
You're gonna make it alright

Ooooh

You've got the power
You're gonna make it alright
