I've been hangin' around  
For a year at the lost and found  
Waiting for a chance to be seen  
Honey, take a shine to me

You've been singin' along  
For a while to the same ol' song  
Babe, you gotta change your reel  
Honey, take a shine to me

Come on! Take a shine to me  
Come on! Take a shine to me  
Come on! Take a shine, - Take a shine to me!

Gotta tell you something  
That's gonna put your mind all up side down  
Maybe that's just what you need?  
Honey, take a shine to me

And you've been doin' alright  
With way too little for way too long  
- Don't mind all the other geeks!

Honey, take a shine take a little shine right to me  
Come on! Take a shine to me  
Come on! Take a shine to me  
Come on! Take a shine, - Take a shine to me!

I've been hangin' around  
For a year at the lost and found  
Waiting for a chance to be seen  
Honey, take a shine (take a shine), take a shine  
Take a shine (take a shine), take a shine  
Come on!

Come on! Take a shine to me  
Come on! Take a shine to me  
Come on! Take a shine, - Take a shine to me!

Come on! Take a shine to me  
Come on! Take a shine to me

Come on! Take a shine, - Take a shine to me!
