"The Morning Of Our Lives"

Visit "[The Morning Of Our Lives](#)" on MotoLyrics.com

It's the morning of our lives
Forever starts today
Always standing by your side
Sharing life all the way

It's the morning of our love
The love I give to you
Growing stronger everyday
Making dreams all come true
It's the morning of our lives

This troubled world don't
Give us much to believe in
But I believe we'll work it out
Cause I've got your love
And you've got my love and
Isn't that what it's all about

It's the morning of our lives

It's the morning of our lives

This troubled world don't
Give us much to believe in
But I believe we'll work it out
Cause I've got your love
And you've got my love and
Isn't that what it's all about

It's the morning of our lives
Forever starts today
Always standing by your side
Sharing life all the way

It's the morning of our lives
It's the morning of our lives
It's the morning of our lives
