"In The Embrace Of Tru"

Visit "[In The Embrace Of Tru](#)" on MotoLyrics.com

I am not tempted by your paradise of lies.
Never will I fester in the bowels of
decadence.
Committed to nobility
for a higher destiny,

in the embrace of truth belongs
my heart and soul.
I walk the path of righteousness...

My quest for justice is
enlighter by the blazing sun of harmony.
I refuse to partake
I refuse to partake
into man's craving for luxury.

A desire fueled
by the flames of greed.
In this world, nether culture is a legacy
of prejudices against

no human animals...

In this world, nether culture is a legacy
of prejudices against
no human animals.
