Day after day  
I've been pacing the floor  
Wondering how I got in  
This mess I'm in

And I'm left to  
Conclude once again  
What I knew all along  
That the only way out is in

There's only one thing left to do  
It's up to me to come to you  
I just can't get you  
Out of my heart

I surrender  
You've got me where you want me  
I surrender  
And ever since I saw you  
I haven't been the same

I, I, I, I surrender, yeah  
You're such a persuasive woman  
And you're the only one here  
Who can end this pain

Year after year  
I was running around  
Playing hard to get  
To know who's who

Then like that  
In the middle of the night  
The guru thumbed a ride and  
Said have I got a woman for you

And I saw you dancing all alone  
Your eyes flashed and I was blind  
Now I can't get you  
Out of my mind

I surrender

You got (you got) you got me  
Where you want me  
I surrender

I, I, I surrender  
You're such a persuasive woman  
I surrender

I, I, I, I, I surrender  
(Surrender)

Surrender
