Everyone everyone everyone come to get down on the floor

Could anyone anyone anyone remember what

Gidigan's bible was for, you

Take the sheath and you blow your mind

Yes it won't be long before you find yourself some

Freedom freedom freedom

Ahhhhhhhh Oohoo Aaaha Aaaha

It's a matter of triplets to twins

When the end don't know where to begin, I

Put a finger on both of my lips and my tongue and my

teeth are as tight as it gets cause

I feel the change in temperature

Back ends a meet don't scare

Reds on right with the mercury you change without

from a dream within like yeah

There's embracing and feeling for substance and meaning

A fool never falls all that flood from

There's binding and feeling there's pleasure that leaves him

I won't let him swing while the world steps aside

And it's brave beneath things happen

There ain't nobody gonna keep me shopping, yeah

Brought them change and found the bottom to know

There's a crazy what I'm feeling

And with the change they done got me reeling

Oh, yeah, ahhhhhh

Ohohooooh Ohhhohhh

Hold that thought for a second or two

Let the gods take a good look at you, and

Why'd you work for a moment in flight but your time in the sky will last more than tonight, cause

I found a great spectacular  
Sweet piece of a morning blow  
Reds on a rise I'm glad it's on the coverstone  
To it totally goes like this

And it's brave beneath things happen  
There ain't nobody keep me shopping, yeah  
Brought them change and found the bottom to know

There's a crazy what I'm feeling  
And with the change they done got me reeling  
Oh, yeah, ahhhhh
