Let me try, you can't stop this
Stone cold when I rock it
Take it manipulate and drop it
Fell flat and step up and hop

Keep down and don't hesitate
Penetrate then evacuate
Make your phone call late don't hesitate
Baby girl, I wanna be your date

Your my style and you don't stop
Gonna take you to the top like crazy rocks
She likes rock and loves hip hop
Play the lead use one for the clock

I wanna give you something that you really want
A guy asked your number, why you so hot?
Mostly be straight to the heart
Baby girl, it's you I wanna flaunt

Come on baby, come on baby
No this ain't Hollywood and you ain't gonna change me
Come on baby, come on baby
Jack it up, jack it up 'coz you drive me crazy

Come on baby, come on baby
No this ain't Hollywood, so you ain't gonna change me
Come on baby, come on baby
Don't kid and play me

Can't stop a hit when I makin' a mix
Your like a drug and I need another fix
And you'd jump of the bridge if you knew I would
Got me running around crazy like a boy in the hood

Stop, drop, take cover and roll
'Coz sweet chic hero in cruise control
Yeah baby, and throw your head back
Leather up, you ain't got a shot man give it up

'Coz once you turn it up, I shall lose you
Then you get left in the dust like loser

Don't give a second chance she'd fool ya
Then you get sucked in like a Hoover

Dummy, why act so foolish?
Honey, why you wanna do this?
Is it because I'm the rudest
Rough neck brother from out the Jules?

Come on baby, come on baby
No this ain't Hollywood and you ain't gonna change me
Come on baby, come on baby
Jack it up, jack it up 'coz you drive me crazy

Come on baby, come on baby
No this ain't Hollywood, so you ain't gonna change me
Come on baby, come on baby
Don't kid and play me
