"Always Something" Neriah/ Avid

a lot of things I've never seen

are now in every magazine

so many things I've never known

on all the latest t.v. shows

anything that's too extreme

you'll find it on the movie screen

and everything that's overblown

on all the greatest videos

what a nice surprise

when you realize

you've been "hip"-notized

the latest craze is underway

you may find it strange- that's why I say

hey-it's always something

yeah- never nothing

I'll tell you one thing

It's always something

now I know I'll never know

until it's on the Springer Show

I think it's catching up to me

I'm naked on a d.v.d.?

what a nice surprise

then you realize

you've been advertised

the latest phase is underway

you might find it strange- that's what I say

hey- it's always something

yeah- better than nothing?

I'll tell you one thing

there's always something
