Well alright, you win
I ain't feeling that sad anymore
So lend me your tears for a while
Cause my eyes seem fine
So I thought I'd heard enough
But inside my heart
I'm alone, again
Lend me your fear for a while
Cause I ain't that scared
And I ain't that cold
Best I remember, is how I've always been alone
You've known that for a while
You'll reach the horror
You'll find someone who really cares
There there, well there there

Well it erases hanging on
And it erases all your foolish pride
No I ain't hung up on heartache now
Cause I ain't that scared
I ain't that cold
The best I remember, is how I've always been alone
But you've known that for a while
You'll reach the horror
You'll find someone who really cares
There there, there there, there there
