Scared of being all alone  
Scared of people who I've met and I've known  
So weighing the odds  
I'd rather be alone  
So I'm returning you, everyone I know  
Scared of failing in the end  
And I'd cut all ties with you  
But I'd really miss my friends  
And this might sound strong  
But it's the weakest I've ever known  
Well I get along  
Thought that I've been selfish  
But now I know it's fear  
Giving in and getting out  
Leaving when you're near

And I don't deny all of the lies  
And I don't deny, hell I hardly even tried  
Left of the mark, or closer to the stare  
And if not for pride, I'd be meeting you somewhere

When you reel me back in the end  
When you really kill me, with whatever you said  
Again it begins, or in the end  
Ages of silence, one second and you win

This might sound strong  
But it's the weakest I've ever known  
Well I get along
