Verse 1:

My love is gone
It's not coming back
You're the only one to blame
You were a fool to let it slip away

Time and time again
I told u girl
Never, ever lie to me
You didn't care
Did it anyway

You lied, my heart girl you set it free

Pre Chorus:

Don't expect any kind of understanding
From me girl I'm tired of pretending
What I feel when I'm with you
I'm out of love this time were through

Chorus:

I rather be alone
I'll be better on my own
I'm through with love
Time for a change
Start all over again
Next time things wont be the same
Next time I wont be the same

Verse 2:

Why every time I fall in love
I'm the one left with, the pain
I love so hard
End up pay the price

Can't risk my heart to break again
But I gotta live my life
What's done it's done

I gotta move on

You broke, my heart now you wanna put it back

Pre Chorus:

Don't expect any kind of understanding
From me girl I'm tired of pretending
What I feel when I'm with you
I'm out of love this time were through

Chorus:

I rather be alone
I'll be better on my own
I'm through with love
Time for a change
Start all over again
Next time things wont be the same
Next time I wont be the same
