Brass hat, CEO  
Only appears for a cameo  
The camp is so clean  
And it keeps raining green  
The scent is strong  
But yet something's wrong  
Everything is too much right

Tension, need tension  
God forsaken  
Godawful place  
The falling house of cards  
That I love to embrace  
I'm saving face

Four star everything's comped  
We steer the peddlers clear  
Lessons in decorum given out  
First class, top notch, no fear  
Announcing every heroic feat  
Large praise and make it quick  
Good as it is it's never great  
This health is making me sick

Wrapped up the report is done  
The addle brained just can't get enough  
The scent is strong but yet something is wrong  
Everything just ain't right  
This house of cards is erasing my face
