way to go  
we'll live by the ocean  
way to go  
you'll live there with me  
half an hour  
of pure devotion  
can really fuck  
with a man's sanity

its time to wake up and go for sure  
two down in the time it took to call  
for cold yakisoba  
more brings the balance that I adore  
time time going going gone  
not like its over

way to go  
who'd believe it  
look at us now  
now its the best  
another hour  
of your devotion  
stick around  
now I'm a mess

its time to wake up and go for sure  
two down in the time it took to call  
for cold yakisoba  
more brings the balance that I adore  
time time going going gone  
not like its over

over you  
over nothing  
over you  
over nothing

way to go  
we'll live by the ocean  
way to go  
you'll live there with me  
half an hour

of pure devotion  
can really fuck  
with a man's sanity

way to go
