Hey, yes indeed, this is Speech from Arrested
Development
I'm the leader, ha ha
My nose is stuffed up, though
Check it out, I'm the leader

Homeboy, right over there, Headliner, is the turntable
instrumentalist

We got ArnaÃ© 3 over there with her crazy set, over
there, chillin'

Razadan is chillin', he's in the house
That's the man, he designs all our logos

And then we got Bubba OJ in the house
He's just, he's like the papa, the father figure
As what, what's her name, ini?

Of course, I can't forget Kwesi
Lady smiley, over here, always smilin'

And, of course, Larry's on the guitar
This song is for you, brother
