Choice, you know I'm saying  
Can this last with 2 beautiful women  
But at the same time, you know  
Every man has this ideal image of just loving 1

I'm checking you out, you're all alone  
No one is clocking you, but I'm scoping you  
Staring right through you, staring into you  
Your beauty is endless and I'm hoping to explore  
Brothers may say you're ugly but I disagree  
But in a way that's fine with me  
'Cause I want to travel with you  
Travel in your mind 'cause you seem like a virgin

Free as the wind blows, tall as a tree grows  
Wild like nature, yet calm as a field  
Hair is natural, lips are natural  
Face wins first place, you appeal to me, girl  
Let me ask you for some time  
For you to unwind together at cetera  
I have nothing but pure intentions  
Everything we'll be will be natural

Natural  
Natural

I'd like to hold your waist as we chase  
The wind down the shores of a southern ocean

Rub my fingers through your hair  
Slowly rub and caress your forehead and bare  
Our problems, as we lay on the bed called earth  
Holding hands 'till we touch each and every finger  
As the ocean water wets us both  
In the center of the crossroads

Spiritual bonds are connected  
What an erection  
Well, let's drive to the city  
And walk among the lights of the city streets  
You're making me weak and it's scary  
'Cause you've played no games

All you've been is very natural  
That's why I'm scared to fall in love with you

Natural  
Natural  
Natural  
Natural

I wanna be natural  
I wanna be natural  
I wanna be sleeping in you  
I wanna be inside you

I wanna be sleeping deep in you  
I wanna be sleeping deep in you  
I wanna be in you  
I wanna be in you

Natural  
Natural

I love your lips  
I love the way you do the things you say  
Natural  
Your lips
