I don't know what to say  
This is a wonderful day  
I wanna scream out loud  
'cus I'm so oh proud

This is why  
I live for this  
I know your so oh happy  
Happy about this

And when I say your name  
My voice is untame  
Baby I tell the truth  
When I say I love u

This is why  
I live for this  
I know your so oh happy  
Happy about this

Happy about u  
Happy about  
Being next to u  
I love u  
And that's the truth

And when the sun comes down  
I see your face  
And my mind baby  
Is like a race

This is why  
I live for this  
I know your so oh happy  
Happy about this
