\* "Brand New Heavies" album featuring various rap artists

I'm in a state of yo  
So if I go to the spliff that I passed  
Mix it back with the slack from my man  
With a tan sitting by the fan  
In a heavy, heavy band  
The beat, huh, feels warm, and cool  
Won't fall  
Just groove, soothe it, shmooth it  
Ahhh, shit and I won't quit  
Keep on, and on and on  
Filling up the gap from eve to dawn  
Gotta be the Sheep  
Under your nose, above your head  
Honey said '69', I thought of boots  
And gave her pro-Keds  
D for action, just like Jackson  
Cause the jacksons are not imagined  
I don't really wanna give a foot, you know  
I'm in a state of yo, so what if I go..

Yo, days go by, we just get flyer  
Swinging harder cause we got desire  
Extra effort because we're tryers  
Got more heat than a dollar in the dryer  
Got more flavour than Fruity Pebbles  
Check the format and clock the levels  
Yo Â do what you gotta do..  
Cause I got more style than store that's dapper  
Got more sweet than a candy wrapper  
Got more, balls than a pimp who slaps  
And got heart like a thug that maps  
Make more sense than childhood freaks  
Got more support than high-top kicks  
So what's happens in the mix  
I'm weak yet pure like a heroin fix  
So, yo, don't you know that the flow  
That I just move on, just like so  
It's got me in a, state of ..

Yo, no aggre-ssion  
Let your mind make connec-tion  
Ain't no need for correc-tion  
Yo, huh? Oh, on with the session  
Heavies got some weight, you can't debate  
Elate the fate, cause the style is great  
For life is hectic and all that there  
People, you care but, yo, beware  
For one knows not what gets one shot  
I think I used to know but I forgot  
Cause it ain't nothing, nothing at all  
I'm telling you it's a small..  
Without the faith for things that work  
To spite my life is to spite your birth  
We share the earth, yo, but who was first, yo?  
So, who's here now, yo? Well, where's my hearse, yo  
But I gotta go, I gotta go  
To where I don't, I don't, I don't know  
I guess I'll just hang out in a state of yo
