[B.G.]

Me the B.G., and Baby my fuckin rounds
Two livin legend paper chasers from uptown
Bout money and bitches, puttin haters in ditches
We roll in trucks like Hummers and Expeditions
Our relationship like Moses and Jesus
Ask one of our hoes, ain't no comin between us
Two black young kingpins, that's how they treat us
Steaks and fettucini is what they feed us
Nigga ridin shinin, me and my nigga be sippin
the finest wine and spendin G's, makin trips
back and forth to Texas, we flyin; tryin to make a mill'
y'all
Cause we roll with the motto, "Ball til we fall"
Fuck wit B, you bringin B.G. all the way out there
Fuck wit me G you bringin Baby all the way out there
Since ninety-two ninety-three our love been there
We never spend to a pussy, Cash Money niggaz share
I'm a Big Tymer, that's a fact
Suga Slim just signed a, million dollar contract
Lil' (?) Capone thuggin quick to bust yo' head
Watch your tone in that mansion is where we lay our
head at
We play high gold floss rocks and drive drop-tops
Way I bust it look like Suge and 'Pac

[Lil Wayne]

Like Suge and 'Pac, like Puff and B.I.G
Baby and B.G. tryin to clock six figs
Like 'Face and J., like Russ and Run
Baby and B.G. tryin to clock a million

[Baby]

Like J. and 'Face, like Russ and Run
Baby and B.G. comin through like assault rifle machine
guns
Worth more money than these niggaz could wonder
You better thank quick nigga we hit blocks like thunder
Comin through a dark tunnel a black on black Hummer
It ain't no secret we showed our ass last summer
We both got three or fo' bitches we bank at first

Embassy playboy to hide our riches
Me and this young nigga we tighter than stitches
He the motherfuckin rapper and I'm the game spitter
And if you you fuck wit him
I'll clear my bank account on one of you bitches
And I'll put that on my Ma and my Pa and they both
restin in peace
It ain't nuttin in this industry gon' fuck
wit Baby and little B.G., wit Mannie Fresh beats
Wit Suga Slim's brains behind all this heat
and my Hot Boyz strapped ridin right beside me
Nigga I'll bet a million dollars to yo' light bill
I'll bet my Rolex wit my bezel nigga to yo' cable bill
It ain't nuttin in this industry could fuck wit Cash Money
cause we keep it real nigga, believe that

[Lil Wayne]

Now what? Like Suge and 'Pac, like Puff and B.I.G
Baby and B.G. tryin to clock six figs

Baby and B.G. tryin to clock a million, what?

[B.G.]

I got love for my nigga Baby
He heard I rapped, came on VL and saved me
Now we ballin, livin swell it's gravy
Cause I'm gettin my shine on, don't you hate me?
B.G. and Baby, livin good pah
We just determined to hustle and get out the hood dog
Fuck wit me and my boy, I wish you would dog
We ridin dirty and I'll put that on the hood dog

[Baby]

Now what make these hoes thank that I ain't rich?
What make these niggaz think the diamonds on my
Rolex ain't the shit?
My brotha Prime taught me how to wear two Rolexes at
one time
Nigga I'm gon' shine til I die
Me and this nigga been together since he was twelve
Hangin out at club, Rolexes daybreak watchin my
beeper ring bells
Now I knew this young nigga would end up swell
I used my mind to keep him writin rhymes
cause I knew he'a be major at one time
Now I done rolled in the flyest cars
It ain't no secret that B.G.'s a Cash Money superstar

[Lil Wayne]
