[Lead Theme: Nick]

Take hold and feel the flames that we control, this hell  
can feed our shame and  
Cleanse the soul  
And though I choose to walk this path  
And face the plague of reason's wrath  
The graven songs and tortured words  
Of a thousand liars shall be my bible

The art of self denial  
A bloody hangman's trial  
All ways to praise the works  
Of the escape artist  
This cold resistance cannot fail me now  
It holds the pleasures sick perfection won't allow  
And though all self has been denied  
I've reached the level few have tried  
And at the side of the beast  
I am seated for the famine feast

The art of self denial  
A bloody hangman's trial  
All ways to praise the works  
Of the escape artist  
These eyes are longing for release  
Yet the coldness follows me  
These eyes are longing for release  
This is famine
