Ba dum ba dum ba dum ba dum

Live in the life trusted in power feel all my rules i'm
queen of the the world I demand what I like, take a bit
of what you like be so damn mean that I will just ditch
you been so real that I just don't care.

I want this and that so hit it up a lot or give me a bit
that's you not me plus us I see i am the queen so give
me a bit. ba dum ba dum

What's with you now you refused to serve me my water
to get me full of it all. asking for a bit more water mr.
you have gone way to far so,

I want this and that so hit it up a lot or give me a bit
that's you not me plus us I see i am the queen so give
me a bit. ba dum ba dum

I still know no one is made of money but I will never
stop wishing for this so give me a bit. ba dum, a bit

I want this and that so hit it up a lot or give me a bit
that's you not me plus us I see i am the queen so give
me a bit. ba dum ba dum

I want this and that so hit it up a lot or give me a bit
that's you not me plus us I see i am the queen so give
me a bit. ba dum ba dum
