Verse 1:

There's nothing I could say to you
Nothing I could ever do to make you see
What you mean to me

All the pain, the tears I cried
Still you never said goodbye and now I know
How far you'd go

Refrain:

I know I let you down
But it's not like that now
This time I'll never let you go

Chorus:

I will be, all that you want
And get myself together
Coz you keep me from falling apart
All my life, I'll be with you forever
To get you through the day
And make everything okay

Verse 2:

I thought that I had everything
I didn't know what life could bring
But now I see, honestly

You're the one thing I got right
The only one I let inside
Now I can breathe, coz you're here with me

Refrain:

And if I let you down
I'll turn it all around
Coz I will never let you go

Chorus:

I will be, all that you want
And get myself together
Coz you keep me from falling apart
All my life, I'll be with you forever

To get you through the day
And make everything okay

Bridge:

Coz without you I can't sleep
I'm not gonna ever, ever let you leave
You're all I've got, you're all I want
Yeah...

And without you I don't know what I'd do
I can never, ever live a day without you
Here with me, do you see,
You're all I need

Chorus:

And I will be, all that you want
And get myself together
Coz you keep me from falling apart

All my life (my life), I'll be with you forever
To get you through the day
And make everything okay

Chorus:

I will be, all that you want
And get myself together
Coz you keep me from falling apart

And all my life, you know I'll be with you forever
To get you through the day
And make everything okay (more)
