I will move my little self on
It won't be very much longer
One day soon he will find me
I know this because I believe

If I get to know myself better
I will be a little bit stronger
I won't forget everything you told me
Yeah I miss, the way you'd hold me
The words you told me

[Chorus]
Things happen for a reason, you'll become a stronger
person
When life tears you up, then you'll understand
It's never easy, but you'll know when you get there
As it tears you down, it builds you up
Well, it built you up

Some girls fall, just like I did
They break our hearts, I should've broke his
Get yourself up, strut along further,
My advice, you can do better
Just say whatever

[Chorus]

Well, you said you would love me forever
Well, blablablablablablaba
You should maybe watch what you're saying
Why, why, why

[Chorus] 2x
