"Stay"

I saw you last night,
Down at the mere
I saw your hands were playing gently with her hair
I see you and I, in my mirror
I close my eyes and wish that you could be here
It's my fantasy to have you holding me, baby
Going privately crazy
Do you know what you do with me

[Chrous]

Stay, make my blue moon bright for a change
Make my dreams end right
Don't stay, afraid
Be the one

(yea, eyeyey)

Get out of my head, get into my heart
Be for real, are you fictional or real,
I made up this lie, I made up this life
When I'm alone it's like you're right here by my side
It's my fantasy to have you here with me, baby
Going privately crazy
If you came I know just what I'd say

Stay, make my blue moon bright for a change
Make my world turn right
Don't stay, afraid
Be the one

(heye, yeyeyeye)

It's my fantasy to have you all to me, baby
I'm going privately crazy
Do you know what you do with me

Stay, make my blue moon bright for a change
Make my dreams end right
Don't stay, afraid
Be the one
