Be Around Trust my Being.
Feel the pressure.
I am alive
Move around
And take it real so trust me

Chorus: Trust Me, Life Gets Hard Be Inside Live Your
Life Feel The World Do your dance trust Me or trust
again Live forever count your steps do it along push
me out of the way.

I am a human, just like you be with me and pull the
pole. Live in our world beneath our cares

Chorus: Trust Me, Life Gets Hard Be Inside Live Your
Life Feel The World Do your dance trust Me or trust
again Live forever count your steps do it along push
me out of the way.

Feel it now.
Live it now
Feel it now
Live it now
Forever, forever
Oh so

Chorus: Trust Me, Life Gets Hard Be Inside Live Your
Life Feel The World Do your dance trust Me or trust
again Live forever count your steps do it along push
me out of the way.

Chorus: Trust Me, Life Gets Hard Be Inside Live Your
Life Feel The World Do your dance trust Me or trust
again Live forever count your steps do it along push
me out of the way.

I am alive
And take it real so trust me
