

## Art Mooney Chorus "Daydreams"

Daydreams  
Sweet daydreams  
Make me so blue

I should be so happy  
Dreaming dreams about you  
But here I am without you  
Hoping and praying  
You'll miss me too

Darling, please come back into my arms  
And make my daydreams come true

Remember those dreamy kisses  
The night that we learned what bliss is  
Remember those sweet caresses  
That showed us what happiness is

I wonder if you still love me  
And if you are dreaming of me  
I wonder if you're still yearning  
And if there's a spark still burning

Darling, please come back into my arms  
And make my daydreams come true

Darling, please come back into my arms  
And make my daydreams come true  
Make my daydreams come true
