You can run
But you can't hide
Time's not on your
Fucking side
So go to hell
And i'll see you there
Kick your ass
Cause i don't care
See me
Be me
Hold me until i die
Feel me
Fuck me
Until i pass you by
Would you like it
If i could tell you
Every step of your
Life (echo)
When you'll
Be raped and murdered
Or if not i'll stab
You with a butcher knife

Is this the untitled track?
(no)
Is this the untitled track?
(hell no)
When is the untitled track?
When all cry to god
Except me
When all cry to god
Except

Me
