When I hesitate I know it's just too late
To bring you back but still I need you
I can't communicate the burden of this weight
My world is black until I see you

Now I don't know how, I don't know when
But I can finally breathe again
Life's too short, the day's too long
In the end I knew it all along, I knew it all along

Two sides of a knife, story of my life
The pain is sharp a comfort bleeds through
I can't seem to clear my head, I wish that I was dead
Falling apart 'cause I still need you

Now I don't know how, I don't know when
But I can finally breathe again
Life's too short, the day's too long
In the end I knew it all along

Like a newborn child
Like a raven in the wind
I can finally breathe again
I can finally breathe again

When I hesitate I know it's just too late
To bring you back but still I need you

Now I don't know how, I don't know when
But I can finally breathe again
Life's too short, the day's too long
In the end I knew it all along

Like a newborn child
Like a raven in the wind
I can finally breathe again

And I don't know how, I don't know when
But I can finally breathe again
Life's too short, the day's too long
In the end I knew it all along

Like a newborn child
Like a raven in the wind
I can finally breathe again, yeah
I can finally breathe again, yeah
I can finally breathe again

I don't know how, I don't know when
But I can finally breathe again
Life's too short, the day's too long
In the end I knew it all along

I can finally breathe again
I knew it all along
I can finally breathe again
