

Art of Dying "Get Thru This"

I've seen better days, yeah
So says the mirror
It's hard to find divinity
When you're the king of men

If I can get thru this
I can get thru anything
If I can make it thru this
I can get thru anything

If I can get thru this
I can get thru anything
If I can make it thru this
I promise you, I promise you

It could be much worse, yeah
But the call is close
Tomorrow's my reason
For today to let go

If I can get thru this
I can get thru anything
If I can make it thru this
I can get thru anything

If I can get thru this
I can get thru anything
If I can make it thru this
I promise you, I promise you

With every ounce of who I am
And I will fight until the end

If I can get thru this
I can get thru that
If you cut me wide open
I can cut you some slack

If you come when I'm leaving
I might never be back
I know it's not easy
It's a matter of fact

If I can get thru this
I can get thru that
If you cut me wide open
I can cut you some slack

If you come when I'm leaving
I might never be back
I know it's not easy
It's a matter of fact, yeah

If I can get thru this
I can get thru anything
If I can make it thru this
Oh, I can get thru

I can get thru this
I can get thru this
I can make it thru this
Oh, I can get thru
