

Art Vs. Science "Higher"

Visit "[Higher](#)" on MotoLyrics.com

We're climbing higher, higher, higher, Hii-ya!
We're climbing higher, higher, higher, Hii-ya!

Hey! I gotta find release,
I'm seeing things that I don't think I'm designed to see.
Hearing all the subliminal things on TV.
The doctor said there might be something wrong with
me.

Pyramids and astronauts.
Let's count to three let's count to three!
One-Two-Three
Pyramids and astronauts.
Let's count to three let's count to three!
One-Two-Three

We're climbing higher, higher, higher, Hii-ya!
We're climbing higher, higher, higher, Hii-ya!
We're climbing higher, higher, higher, Hii-

Looking to the sky like a Saturn Five.
You gotta be about this tall to ride.
Wipe your feet climb aboard this rocket.
First you can try it then you can knock it.
Then stand back while I loop the loop.
Honk my horn with a toot toot - Woop Woop!
Get a little greedy like Augustus Gloop.
Vanilla choc-chip want an extra scoop.
Ah Water, just what I needed.
Mind like a goldfish - gotta feed it.
Believe it you can climb higher.
Coz I'm dropping every bucket like "he's on fire"!

Pyramids and astronauts.
Let's count to three let's count to three!
One-Two-Three
Pyramids and astronauts.
Let's count to three let's count to three!
One-Two-Three

Launch. Sequence. Initiate.
10... 9... 8... 7... 6... 5... 4... 3... 2... 1...

Launch.
Higher.
