Relentless vengeance
For his betrayal
He will pay
The hardest way

Bloodsucking leech - bearded faggot - eat foetal
mush
Fat ball of grease - useless crap - mush up your ass
His blood is milk - the insipid one - eat foetal mush
Never had balls - for anything - mush up your ass

Under the mask of an endearing guy
There's a fucking coward bastard
Years of trust, friendship and support
Are now gone his weak cold blood

Hiding his lies with more lies won't help him anymore
His dirty swindles won't work again he'll eat dog shit

Bloodsucking leech - bearded faggot - eat foetal
mush
Fat ball of grease - useless crap - mush up your ass
His blood is milk - the insipid one - eat foetal mush
Never had balls - for anything - mush up your ass

His entire life is a big fucking lie
Nearest people around him are still ignorant
But one by one we're noticing his game
So he'll finally rot alone in deep shit
