(Music: Avulsed '94)

(Lyrics: Dave Rotten)

1st Chorus:

Difficult Storage

Impossible To Conserve

Flesh Is So Corruptible

Freezing Is Not Enough

2nd Chorus:

There Are So Many Victims

Meat Starts To Pile Up

Stench Of Putrefaction

Is Invading My Home

3rd Chorus:

Anxiety For Killing

Is Stronger Than Me

Human Flesh Is So Tasty

I'm Living Tangled In Fucking Gore!!

My Chemical Knowledge

Could Be My Solution

The Key To My Problems

Is Based On Experimentation!!

It Must Be Something Light

Which Doesn't Occupy Space

And Impossible To Rot

Dust!!

Blood!!

Drying Up The Flesh

Through Complex Proceeding

Extracting All Liquids

And Grinding All The Mass

Just Adding Blood

The Freshest Blood!!

The Powdered Flesh

Once Again Fresh!!

Countless Moulds
Millions Of Forma!!
Ready To Eat
Do You Want A Bit??

1st Chorus:
Difficult Storage
Impossible To Conserve
Flesh Is So Corruptible
Freezing Is Not Enough

2nd Chorus:
There Are So Many Victims
Meat Starts To Pile Up
Stench Of Putrefaction
Is Invading My Home

My Dismembered Bodies
Have Left To Be A Problem For Me
All These Nauseous Odours
Won't Be Anymore!!

This Will Be My Secret
I Won't Share It With No One Else
My Conscience Is Clean
Let All Flesh Rot!!

3rd Chorus:
Anxiety For Killing
Is Stronger Than Me
Human Flesh Is So Tasty
I'm Living Tangled In Fucking Gore!!
