Do I deserve the flowers?
Those by the ivory towers
To be picked by you

They're waiting for your gentle hands
And for you to snap their stems
Tenderly

This is where I roam
Make yourself at home
Please

You're one of a kind
Leaving us all far behind
You're one of a kind
Drifting on the shadows

You're one of a kind
Leaving us all so far behind
You're one of a kind
Drifting on the shadows
Of my mind

I present you all these sweet words
As a puzzle they will emerge
Can you hand me the solution
Or is there someone
Who can do it better

Help me out here
I put my trust in you
You make me look like a fool
It won't take a minute

Come on now
I put my trust in you
Just do that one thing you do so well

For me for yourself and for everybody else
Come on now

I put my trust in you
You're one of a kind
Leaving us all far behind
You're one of a kind
Drifting on the shadows

You're one of a kind
Leaving us all so far behind
You're one of a kind
Drifting on the shadows
Of my mind
