Bubblin' from the left, yes, we're bubblin' from the right  
Craig David and Robbie Craig, bubblin' all night  
Bubblin' from the left, yes, we're bubblin' from the right  
(Woman trouble, woman trouble)  
Craig David and Robbie Craig, bubblin' all night  
(Woman trouble)

This is how we do  
(Woman trouble, woman trouble, woman trouble)  
(Woman trouble, woman trouble, woman trouble)

I feel fantastic, bombastic, ecstatically astounded  
How a girl can really lose her brain  
I feel surrounded, confounded, emotionally  
dumbfounded  
To think you've nearly won your game, oh yeah

You said that I have been gone too long  
Don't try to tell me that I was wrong  
(Re, remix)  
You're totally wrong for me, God, the hurt in my face  
Now I know the only thing to do is to give myself some  
space

I bet she never told you everything that drifted through  
her mind  
All the secret thoughts  
Well, I bet you never caught her sliding with another  
man  
Such as I did, no, no

I hate to see the way the finger points at me  
I'm at fault, I don't think so  
After all is said and done, girl  
You know you had your fun  
Why don't you leave it there

I feel fantastic, bombastic, ecstatically astounded  
How a girl can really lose her brain  
I feel surrounded, confounded, emotionally  
dumbfounded  
To think you've nearly won your game

I feel fantastic, bombastic, ecstatically astounded  
How a girl can really lose her brain  
I feel surrounded, confounded, emotionally  
dumbfounded  
To think you've nearly won your game, oh yeah

You said you had a girl with problems, tell me  
Did it lead to heartache and confusion  
(Re, remix)  
Did you wake up in tears not knowing where you are  
Did you get it in the ear like I did, like I did

I bet she never told you everything that drifted through  
her mind  
All the secret thoughts  
Well, I bet you never caught her sliding with another  
man  
Such as I did, no, no

I hate to see the way the finger points at me  
I'm at fault, I don't think so  
After all is said and done, girl  
You know you had your fun  
Why don't you leave it there
