I feel fantastic, bombastic

Ecstatically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you've nearly won your game

You said that I have Been gone to long

Don't try to tell me

That I was wrong (re-e-mix)

Totally, wrong for me

Got the hurt in my face

Now I know the only thing to do

Is to give myself some space

I bet she never told you everything that drifted through  
her mind

All the secret thoughts

Well I bet you never caught her sliding with another  
man

Because I did

No no, I hate to see the way the finger points at me

I'm at fault, I don't think so

After all I've said and done girl

You know you've had your fun

Why don't you leave it at that

I feel fantastic, bombastic

Ecstatically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you've nearly won your game

I feel fantastic, bombastic

Ecstatically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you've nearly won your game

Oh yeah

You say you had a girl , with problems

Tell me, did it lead to heart ache and confusion? (re-e-mix)

Did you wake up in tears

Not knowing where you are?

Did you, get it in the ear, like I did?

Like I did

I bet she never told you everything that drifted through  
her mind

All the secret thoughts

I bet you never caught her sliding with another man

Because I did

No no, I hate to see the way the finger points at me

I'm at fault, no I don't think so

After all I said and done girl

You know you've had your

Why don't you leave it at that

I feel fantastic, bombastic

Ecstatically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you've nearly won your game

I feel fantastic, bombastic

Ecstatically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you've nearly won your game
